-:o:-

Government order No.1-10/Muz.618-20-2 dated 1st July 1921, sanctioning my re-employment after retirement from regular service with effect from -- 26th July 1921, I beg to state that I have entered on the special duty with effect from -- yesterday.

2. On 2nd instant, I met Mr.M.A.Narayana Iyengar, Deputy Commissioner, Bangalore -- District, casually and he then asked me to -- take up his District first, which I agreed to do.

3. I saw the Deputy Commissioner in the office that day; making enquiries in the -- Muzrai Branch we were told that no accounts - whatever were received in the District Office from the Taluks. & there were therefore no accounts in the DC Office

4. I had to look to the Taluks themselves for the accounts and other references required.

5. The Deputy Commissioner very kindly placed the services of a clerk of his office at my disposal for this work which I have had to take up Taluk by Taluk.

6. I commenced with Bangalore Taluk on 4th instant; the Taluk Office has given up the Muzrai monthly and annual accounts since 1905-06 and the only references available were the Muzrai Baraward Registers and the Treasury Ledgers of credits and debits.

7. I had to get the Muzrai accounts compiled institutionwar, monthly by month,

since 1905-06; and after verifying the -- totals with the Treasury Ledgers, I had to fall back on the Treasury ~~B~~C Books and -- finally fix the credits and debits in all de tails.

8. The work was rather a laborious one entailing much patience; ~~and~~ the officials put on the work were all new to it; and it took a fortnight to complete the work of the Taluk containing more than 70 Muzrai Institu tions.

9. I then took up Nelamangala Taluk. I went to Nelamangala on 14th instant mysel: to find out what records were available and how the work might be got through. Even there, the Taluk Muzrai Accounts prior to -- February 1911 were not at all forthcoming -- while those from February 1911, were neither correct nor complete. I had therefore to get hold of the Barawards from 1905-06 and to compile the accounts of the several Insti tutions month by month since July 1905. The Taluk has not kept the Treasury Ledgers (Nagadi Talaband); fortunately, the number of institutions being few, the work was complet ed in a week at Head Quarters wither I brought away the Baraward Registers.

10. Doddaballapur was next taken up. Even here no accounts are maintained except Muzrai Barawards and a book of drafts of -- annual receipts and disbursements. The -- Taluk Office was not able to say on what -- these annual accounts were based and checking them with the Barawards, I did not find ~~them quite correct. I had therefore to~~

them quite correct. I had therefore to com pile the accounts from the Barawards themselves which were brought away to Head Quarters. The work of this Taluk has been completed too.

11. I have just taken up Chennapatna Taluk. Here the baraward-Registers are th only records available; and looking into -- these, I find that the Registers have been -- most indifferently written up; the figures have not been correctly totalled and several entries are not clear. The accounts of two years have been completed till now. The -- work is being fast pushed on.

12. From what I have seen of the -- Taluks of Bangalore District till now, I -- think that in the remaining Taluks too, I have to get the accounts all compiled only from Barawards - a work which will entail some -- labour and time. I have just arranged with the State Huzur Treasury Officer, under instructions of the Comptroller, to have the -- Taluk Ledgers ~~being huddled~~ typing huddled! up in the Treasury records - all sorted and arranged Taluk war and Salwar, to facilitate references there to.

13. As there are no accounts available either in the Taluks or in the District Office of Bangalore, I have to fall back on these Ledgers to fix up the details of credits - and to reconcile to a great extent, the differences between the Comptroller's and Taluk accounts as compiled from the Muzrai Barawards. This work has been already complet-

completed in respect of Bangalore Taluk wher the ledgers were available.

14. Having taken up the special duty exclusively from yesterday, I shall try to complete the work as early and as perfectly as possible.

15. My object in laying this Note -- before the Government now, is to submit, how the work of Bangalore District has been --- greatly retarded because of the failure of the Taluk and the District Offices to maintain the prescribed monthly accounts though printed books and forms of accounts have -- been supplied to all very freely. I was not prepared for this state of things when calculated on being able to complete the -- work by the end of November next. I am ye to know the state of things in the other -- Districts. I shall look into them very -- shortly and endeavour, my best to complete the special duty assigned to me within the time allotted.

16. I shall also appeal to the Deputy Commissioners and rely on their realizing -- the difficulties brought about by the failure to maintain the prescribed accounts of Muzrai Institutions and extending to me such help as may be necessary to complete the -- work in due time.

The a kein kein of the Amphoker has. I think the drawn of this. Subsidiary Dept. be appended.

FINANCIAL SECRETARY 10-10-21

I have discussed the matter with Mr. Mrityunjaya Iyer and I have also seen some of the statements prepared by him. He has got to overhaul the accounts for a period of 21 years and the magnitude of the task entrusted to him is evident from this fact. The materials available for determining the present financial position of the numerous Institutions are far from comple and this makes his work all the more difficult.

I have asked Mr. Mrityunjaya Iyer to tabulate all the causes which have led to the present confusio so that suitable remedies may be devised and necessar orders issued.

I should like to make one point clear. T h work on which Mr. Mrityunjaya Iyer is now employed is not that of reconciling the balances claimed by t h Muzrai Institutions according to their own accounts with those of the Comptroller who should be considered as their banker. There ought to be a separate compilation of Muzrai accounts based upon departmental returns and data and such accounts must be periodically compared with those of Treasuries with which the

Institutions

institutions ~~are concerned~~ bank. I understand that it has all along been the intention of Government that such accounts should be maintained by the Muzrai Departmental authorities. ~~I understand, however, from~~ Mr. Mrityunjaya Iyer states that such accounts have not been maintained ~~for~~ either in Taluk or District offices or in the office of the Muzrai Superintendent. In the absence of departmental accounts, there is no alternative but to accept the figures on the general ledge of Government kept in the Comptroller's office and Mrityunjaya Iyer's work now consists in arriving at the balances of all the institutions on the 1st of July 1921 working up to the aggregate in the general ledger of Government. A separate Muzrai ledger has been kept in the Comptroller's office but this gives details of individual balances only for the major institutions and clubbed balances for minor institutions. In the absence of a separate set of departmental accounts and also of periodical reconciliation between such accounts and the Comptroller's books, even the balances of the major institutions, as brought in the Muzrai ledger, require to be verified and agreed with reference to the balances of the maintained institutions as recorded in treasury accounts of credits and bill vouchers.

till the end of January next is quite necessary for completing the work. As I have already stated the work is very important and no pains should be spared to complete it. Considering the volume of work to be done, I am not quite sure if the whole work will be finished by the close of January 1922. Should any extension be necessary, I think it may be allowed. Our object should be to reduce these accounts to order and prescribe the procedure necessary for preventing their drifting into confusion again.

I have nothing to add to what the Asst Secy. has noted. After a careful study of the position he has made his recommendation & also given reasons for it. I am in full agreement with what he has said. I may mention here that Mr. Muthuraja Iyer has done his best so far & that the extension of time necessary to complete this important work should be granted. It is entirely due to the unsatisfactory

The term of the special work on which Mr. Mrutyunjaya Iyer is engaged, may be extended, in the circumstances represented, to the end of January 1922. The papers will be circulated rapidly to the other Members of Council for favour of concurrence.

D.S.N. will be put up early.

In this connection, I must say that the Muzrai departmental accounts are not being kept as contemplated. The Muzrai Superintendent must be requested to begin immediately to arrange for regular accounts being kept according to the Standing Orders in the several offices and institutions concerned from the coming official year at least without any more delay. Complete lists of institutions of the several categories must be ready by now. The General Muzrai Fund has been constituted to provide financial aid for the Muzrai establishments that may be required and nothing now remains but for the Department to go ahead with this most important work.

Mr. Mrutyunjaya Iyer need not engage himself with the work referred to in the second paragraph of the note of the Financial Secretary, for the Muzrai Superintendent will in the course of his work of regularising the accounts, perforce attend to this also.

As the Financial Secretary says, in the absence of departmental accounts there is no alternative but

to accept the figures on the general ledger of Govern ment kept in the Comptroller's Office. In the case o institutions in the Muzrai Superintendent's lists whi are not shown individually in the Comptroller's books the lumped balances may be drawn upon according to th needs of the institutions; there does not seem to be any present need for splitting them up into balances the individual institutions.

Final Note by the Second Member of Council.

Subject:—

Extension of the term of the Special Duty of Mr. A. Mrityunjaya Iyer, in the Muzrai Department.

The Government, in their Order No.1-10/Muz.618-20-2 dated 1st July 1921, sanctioned the re-employment of Mr. A. Mrityunjaya Iyer, from the 26th July 1921, when he retired from the regular service, up to the end of November 1921, for the purpose of working out the balances at the credit of the several Muzrai Institutions, by continuation of those previously determined up to the end of June 1920 and accepted in Government Order No.2092-201/Muz.5-96 dated 19th March 1901.

2. Owing to the failure of the Taluk and the Division Officers to maintain, in a correct manner, the monthly and the annual accounts of the Muzrai receipts and payments, Mr. Mrityunjaya Iyer has had to work out the figures from the original Muzrai berawards and Treasury Registers, month by month from July 1905 - the earliest date from which these records are available throughout; and he has not therefore found it possible to complete the work within the period originally fixed. He has, however, almost completed the compilation of the figures of 7 Districts and has now taken up the remaining Districts of Mysore. After completing the compilations of the figures from the Taluk and the Treasury records, Mr. Mrityunjaya Iyer has to reconcile the differences between these and the Comptroller's Book and then prepare the final statements of Institutional balances up to the end of June 1921, so as to work up to the aggregate of Muzrai current funds as entered in the General Ledger maintained in the Court Office. This work, Mr. Mrityunjaya Iyer expects to complete by the end of January 1922; and he has requested sanction for extension of the term of his re-employment till then.

3. The Financial Secretary to whom the question was referred, has, after discussing the matter with Mr. Mrityunjaya Iyer and scrutinising the statements already prepared by him, recorded it as his opinion that the extension of the term of his re-employment till the end of January next is quite necessary; and I am in full agreement with what the Financial Secretary has said. I may mention here that Mr. Mrityunjaya Iyer has done his best so far and that the extension of time necessary to complete this important and urgent work is not due to any slackness on his part but is entirely due to the unsatisfactory state in which the accounts have been found to be kept during the recent detailed examination.

4. The proposed extension which has been agreed to by the Dewan and the other Members of Council may be graciously sanctioned.
